

# ARXX™ HIGH PERFORMANCE WALLSYSTEMS

## E214

### Job Type

- › 81 homes subdivision
- › 1,000 - 1,500 sq. ft.
- › tubular skylights
- › electric tankless water heaters
- › demonstration site for Partnership for Advancing Technology in Housing
- › Nations Capital Showcase Concrete Home

### Keys to Decision

- › energy savings
- › fire rating
- › STC rating

**LOCATION** › La Plata, Maryland    **DISTRIBUTOR** › Chaney Enterprises

“This project is a success story – an example of the kind of support Chaney Enterprises can give to other builders. The Maryland Ready Mix Concrete Promotion Council put a lot of time and effort into this as a diverse team of people dedicated to promoting insulated concrete homes.”

Mike Schwarz  
Chaney Enterprises

“The most important reason I chose Arxx is the acoustical privacy these homes offer. No one should have to put up with paper-thin walls whether they live in a duplex or a townhouse and the homeowner recoups his investment on maintenance and utility bills.”

Bruce Davis, Builder  
Energy Star Builder of the Year  
1999

Arxx Building Products is a proud Energy Star Homes Ally
